HARTER, DONALD.

Donald Harter papers, 1899-1998 (bulk 1970-1972)

.15 cubic feet (1 box)

#M-0087

BIOGRAPHICAL NOTE: Neurologist. Harter is a 1957 graduate of the Columbia University College of Physicians and Surgeons.

SUMMARY: The collection documents Harter's efforts to have Columbia University memorialize Jesse W. Lazear's and Aristides Agramonte's work on the U.S. Yellow Fever Commission in Cuba after the Spanish-American War. Both were graduates of Columbia's College of Physicians and Surgeons (P&S). Harter's work led to the dedication of a plaque in their memory at P&S in 1972. Included are Harter's correspondence with University administrators; a dedication ceremony program; and photocopies of scientific articles written by Lazear, Agramonte and other members of the Yellow Fever Commission.

In addition, there are a few letters from P&S alumni reminiscing about Robert Loeb, chairman of the department of medicine at P&S and the Presbyterian Hospital, 1947-1960, as well as a few photographs of P&S professors.

PROVENANCE: Gift of Donald Harter, May 11, 2000 (acc. #2000.05.11).

NOTE: Oversize photographs of Robert Loeb, H. Houston Merritt, Sol Spiegelman and the Neurological Institute (c.1980) have been removed to the Oversize Photograph Collection.
